FW: Ontario Place response to BOG Minutes - Sept. 4

Hi Dianne,

Eriks asked me to respond to the Exhibition Place Board questions in his absence.

Please be advised that the Ontario Place bridges to Exhibition Place were recently inspected and deemed safe and having no deficiencies. Regular preventative and maintenance bridge inspections are in place and we will continue to monitor these structures to ensure that they are in a good state of repair.

I hope that this satisfies the needs of the Board.

Please don't hesitate to contact me if you need more information.

Thanks,
Valerie
