**ANNOUNCEMENT REGARDING SIGN & BANNER HANGING AT EXHIBITION PLACE**

Exhibition Place Management has been working closely with many industry suppliers and Local 506 over the past months in order to address the provision of banner/ sign hanging services. Our goal had been to have this service delivered by professionals in the industry that could bring best practices from their experience in other venues throughout North America and grow this service with their customers. We have looked into many options for the service. On Friday November 23, a report was approved by the Board of Governors of Exhibition Place naming our current official Display Services Contractor, GES, as the official provider of sign & banner hanging services using Exhibition Place as labour provider. However after meeting with Local 506, unfortunately, GES has now advised us that they are unable to provide that service.

In the interest of preventing any further disruption to our valued clients, Exhibition Place intends to continue to provide banner & sign hanging services in the near term while we seek alternate solutions.

The Exhibition Place Electrical department will continue to hang signs that require electrical services.

The Exhibition Place Team is grateful for the cooperation and support of our clients over these past weeks as plans for provision of these services were negotiated.

Clients may contact Jeff Gay with any questions.

Jeff can be reached at 416-263-3060 or [jgay@directenergycentre.com](mailto:jgay@directenergycentre.com)

Exhibition Place Thanks You for your Continued Support
