### Decision History:

In February 2010, Solar Roofing & Sheet Metal Ltd. was awarded a one year contract with the option to extend for one additional one-year term, wherein the contract amount and option year term was within the authority of the Chief Executive Officer, commencing upon award to January 31, 2011, for the provision of roofing repairs and related work to Exhibition Place. The term of the option year is set to expire on January 31, 2012.

Issue Background:

Exhibition Place does not provide in-house services for roof repairs and the existing agreement with the external supplier is set to expire on January 31, 2012.

Comments:

The RFQ specified the Board's requirements and service expectations and was accordingly structured in a manner that required bidders to list hourly rates for various personnel, as well as percentage mark-ups over invoice cost for all materials used. For comparison purposes, the hourly rates quoted were applied to projected annual requirements resulting in Total Lump Sum Prices. Firm prices were quoted for the first year with percentage increases for each of the three option years.

The RFQ closed on December 20, 2011 with four quotations received. The results exclusive of HST were as follows:

<b>Bidder</b>	<b>February 1, 2012 to January 31, 2013</b>	<b>Percentage Increase Optional Year 1</b>	<b>Percentage Increase Optional Year 2</b>	<b>Percentage Increase Optional Year 3</b>
