

# ENVIRONMENTAL WALKING TOUR

## EXHIBITION PLACE ENVIRONMENTAL WALKING TOUR

Welcome to Exhibition Place, a 192-acre waterfront site owned by The City of Toronto and managed by The Board of Governors of Exhibition Place.

Achieving energy self-sufficiency is one of our goals. Promoting sustainable development and environmental initiatives is our objective.

This is your self-guided Walking Tour showcasing GREENSmart initiatives undertaken by the Board of Governors.

The numbers on the map match the site, buildings, or facilities where environmental projects are located.

\* Beanfield Centre is LEED Silver Certified

- |                                       |                                     |
|---------------------------------------|-------------------------------------|
| 1 Wind Turbine                        | 6 New Mobility Hub                  |
| 2 Hydrogen Refueling Station          | 7 Trigeneration                     |
| 3 Geothermal Project                  | 8 Electric Vehicle Charging Station |
