

EXHIBITION PLACE

September 24, 2001

To: The Board of Governors of Exhibition Place

From: Dianne Young
General Manager & CEO

Subject: Rental and Service Price List

Recommendation:

It is recommended that the Board adopt the price list for third party rentals and services as attached effective January 1, 2002.

Background:

At its October 20, 2000, meeting the Board approved the third-party rentals and services price list for 2001. This comprehensive review and update of the price list is done annually in conjunction with the Operating Budget Process.

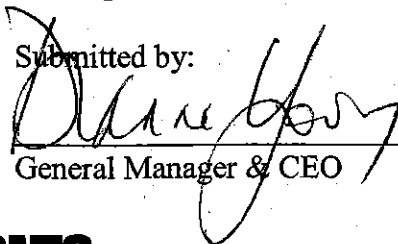

Discussion:

Attached as Appendix "A" is the proposed Price List for rentals and services which staff are recommending be adopted effective January 1, 2002. The price list was compiled by a team of staff from the NTC and Exhibition Place and the prices being recommended have been compared to other service providers in the industry, e.g. Showtech pricing electrical, GES for rentals and Bell Canada for telecommunication services. Prices have also been reviewed to factor in the increase in labour costs and to assure a competitive return to the Board on services offered. On an ongoing basis the services and the cost of services are monitored to evaluate their profitability and competitiveness in the market place.

Conclusion:

This report recommends the adoption of a new Price List for Rentals and Services.

Submitted by:

General Manager & CEO
