This Facility Guide for Exhibitions and Events is designed to assist you in producing a successful event. Our experienced Sales & Event Management team is committed to offering outstanding customer service, and is available to support the needs of each client. Your Sales Representative would be pleased to answer any questions you may have about planning your event at Exhibition Place's Enercare Convention Centre, Better Living Centre, Queen Elizabeth Exhibit Hall, Bandshell Park or any of our outdoor areas. This facility guide is not applicable to the Beanfield Centre. We look forward to working with you.

FACILITY PURPOSE

Enercare Centre is a multi-purpose exhibition and convention facility; the Better Living Centre and Queen Elizabeth Exhibit Hall are multi-purpose exhibition and event facilities, and Bandshell Park, green spaces and lots are outdoor facility options, all of which are owned by the City of Toronto and governed by the Board of Governors of Exhibition Place. The facilities were developed with the primary objective of booking exhibitions, conventions, meetings, special events and activities that generate significant economic benefits to the City of Toronto.

SPACE AND DATE AVAILABILITY

The Sales Department assigns the date(s) and space availability based on the needs of your event and the venue's scheduling and booking policy. The Sales Representative will request pertinent data about your organization and details about your event prior to assigning date and space availability.

SCHEDULING PRIORITIES

First Priority

First Priority is given for scheduling facilities and dates to tradeshow, conventions, corporate meetings, and other group activities which are national or international in nature, not typically open to the general public, have at least 750 delegates, and may have a significant impact on the hotel tax generated. Established consumer shows held at Exhibition Place on an annual basis utilizing more than 300,000 gross sq. ft. of paid exhibit space for a minimum of 5 show days qualify for First Priority status. In addition, certain provincial conventions, tradeshow or special events may be deemed appropriate to the overall objectives of Exhibition Place and may be offered equal scheduling priority at the discretion of the General Manager, Sales & Events. Date requests for first priority events may be made as far in advance as necessary or appropriate, in the sole opinion of Exhibition Place, and may supersede requests for other lower priority events, unless a License Agreement has been previously executed by Exhibition Place and the user for such an event.

Second Priority

Second Priority is for scheduling the facilities and dates to multiple-day regional consumer or public exhibitions, regional/local tradeshows (not opened to the public), local corporate meetings, and other events that provide a positive impact on the generation of hotel taxes, or revenue to Exhibition Place.

Date requests for Second Priority Events may be made as far in advance as necessary or appropriate in the sole opinion of Exhibition Place. Second Priority Events may not supersede requests for First Priority Events, nor can they challenge First Priority Events as a second option.

Third Priority:

Third Priority is for multiple day local consumer shows, seminars, food functions, and other social events. These events generate few if any hotel rooms and utilize available Exhibition Place space remaining from previously booked events, or are held during low Exhibition Place demand times, or in periods with conflicting hotel room demand such as other "hotel intensive" conventions or city-wide special events. Within the Third Priority category, preference will be given to long-standing public shows held on an annual basis in Toronto/GTA that have a proven track record of success and benefit the community at large.

Date requests for Third Priority Events may not be made more than twelve (12) months in advance. Third Priority Events may not supersede requests for First or Second Priority Events, nor can they challenge First or Second Priority Events as a second option. In order to maximize the usage of the venue, events accommodating less than 300 persons may reserve dates within a six (6) months window, or less.

DEFINITION OF TERMINOLOGY

Tentative Holds: Dates and facilities will be held pending notification of cancellation by either party. All holds are considered Tentative, and subject to cancellation, including First Option, Second Option and Third Option status, unless a formal License Agreement has been executed by the parties and the appropriate deposit delivered to and accepted by Exhibition Place. Event organizers cannot advertise and/or promote the Event or sell exhibitor booths and/or event admission tickets until the formal License Agreement has been executed by both parties. Typically, dates will be held up to 3 weeks from the Proposal date, after which time the holds and the proposal are automatically cancelled by Exhibition Place without notice. Exhibition Place has the sole right to cancel all holds without notice.

First Option: Facilities and dates reserved on a first option are reserved on a tentative basis, and subject to cancellation and/or revisions.

Second Option: Provides for a second group of equal booking priority to be reserved on a tentative basis, but the tentative reservation will be contingent upon cancellation of a prior reservation which

is considered a first option. Second Option Holds are tentative and subject to cancellation and/or revisions.

Third Option: Provides for a third group of equal booking priority to enter into a waitlist to book specific space and dates at Exhibition Place contingent upon cancellation of a prior reservation which is considered a second option. Third Option Holds are tentative and subject to cancellation and/or revisions.

Contracted: Space is guaranteed through the execution of a formal License Agreement by the event organizer and Exhibition Place and the appropriate deposit delivered to and accepted by Exhibition Place. Once a License Agreement has been prepared, should the event organizer fail to execute within the stated expiry date, the facilities and dates will automatically be considered reserved on a tentative basis only and subject to cancellation at any time by Exhibition Place.
